**Dear Co-Worker in Christ:**

**The Indiana Association of Pregnancy Centers is a caring network of support for pregnancy centers. IAPC seeks to complement the work of national organizations like Care Net and Heartbeat by providing additional support within the state of Indiana. A primary manifestation of that support is demonstrated by the disbursement of funds to member centers from sales of the “Choose Life” license plate. The state of Indiana forwards to the IAPC \$25 for each “Choose Life” plate sold in the state.**

**If you choose to become a member of the IAPC, you will receive a distribution of the funds received from the sale of license plates sold in your county. If you have centers in multiple counties, you will also receive funds for the sale of plates in those counties as well. The cost of membership in our organization is more than covered by the sale of a handful (5) of plates in your county. In most cases, centers receive a return that is many times the cost of their membership investment. There are some restrictions on how the money can be used (Please, refer to the “Certification of Funds Usage” document.) and how it must be tracked. However, it is not cumbersome to meet those requirements.**

**The IAPC is more than just a source of revenue; it’s a fellowship of like-minded servants who seek a network of mutual support. We hold an annual conference for staff and board members to educate, encourage and inspire attendees. We begin and end the conference with worship and prayer! During the conference the gifts that God has provided to individual members are shared through a series of workshops. Why reinvent the wheel when other members have successful solutions to our challenges. These workshops are applicable to rural and big city centers. The cost of attendance is minimal when compared to that of a national conference. It is held in one day at a central location so there is no major travel expense.**

**We hope you will be able to join our organization. There is strength in numbers. The closer knit we can become, the healthier our ministries will be. You may have the solution to**

**someone else's challenges, and someone else may have a solution to one of your challenges!  
As members of the body of Christ, we need each other! Won't you fill out an application  
today?**

**In Christ's love,**

**Jim Bramlett**
